There are photographs that are technically perfect and others that stand out because of their message or composition. With this volume, Elin Rantakrans and Tobias Hagberg provide the beginning to intermediate photographer a wide range of practical tips that cover capture, composition, and editing all with the aim of helping you achieve better photos. Each concept is illustrated with beautiful, inspiring images. Our promise: Use 7 of these 70 tips and you will be a 10% better photographer. Try it!
