

## Time Out Havana: And the Best of Cuba (Time Out Guides)

The Caribbean outpost of communism that is Cuba holds an enduring fascination for the free world, redolent of glamour and gamblers, musicians, writers, and mafiosi. Written by informed residents, Time Out Havana highlights all the vibrancy, cultural richness, and architectural beauty of Havana. Here are authoritative reviews of where to stay, including the rewarding casas particular (private homes); and play, from colorful salsa joints to hip hop clubs. The city's renowned cuisine is profiled, including classy cafes and the lively paladars (independent, state-sanctioned, family-run restaurants). Also showcasing other Cuban destinations of interest, from beaches to barrios, this second edition features new sidebars, photographs, and listings; updated maps; and a new culture chapter for context.
