

Dita Von Teese : Barefoot Bride

Dita Von Teese exudes coquettish innocence in this series from master photographer Ed Fox. An elegance crying out for corruption, her vintage visage ensnared in white nylon, toes desperate to be unchained and feel the air and her fingers between them. From angelic white stockings to sinfully sweet, milky, naked feet, this photographic journey transports you the viewer to a heavenly foot fetish fiesta. Watch as Dita brings the majesty of her burlesque background to this private portrayal of pampered feet taking centre stage. She smoothes them, she indulges them, she presents them to you.
