

Careers: Biomedical Technician

The latest series by author A. L. Dawn French has met with critical acclaim. The intention, as with all books by this author, is to provide information in an easy to absorb manner, but also to target the youth of the Nation. Too many young people do not know what career path to follow or having decided on a career are not sure on how to achieve the goal. These books target all young people: Boys Training Center, Borderlais Correctional Facility, CARE, NSDC, Secondary Schools and Upton Gardens Girls Centre. A mistake in ones youth should not be a deterrent to being a model citizen as an adult. The books stand on a solid foundation of principles... OECS St Georges Declaration of Principles for Environmental Sustainability - Principle 1: Foster improvement in the quality of life United Nations Millennium Development Goals - No. 2 Achieve universal education United Nations Education First Priority - No.3 Fostering Global Citizenship HAVANA PROGRAMME OF ACTION Article III. KNOWLEDGE AND TECHNOLOGY 1(a) ... promoting the concept of Education for All Throughout Life,
