

The Floating Card - No Strings! No Magnets!

The Floating Card - As the title suggests, the secrets in this book allow you to make a chosen playing card float with no strings and no magnets. With 29 photo illustrations, this magic trick is easy to do and even easier to learn. Here are the complete stats: * Float a card in broad daylight without using strings, threads, wires, wind, magnets, chemicals, smoke, mirrors, or static electricity! * The Floating Card floats almost two inches above your hand. You can even pass another card underneath to prove it! * It happens right under their noses, but theyll NEVER FIGURE IT OUT! * Nothing up your sleeve (Really, you can do this trick topless if you want) * You can let the spectator examine the card that you just made float, theyll find nothing out of the ordinary! And get this -- theres NO SWITCH! The card can even be signed to prove it. * The Floating Card is completely under your control at all times. * Use any card the spectator selects from a shuffled deck -- FREE CHOICE (theres no force of any kind). * Can be repeated immediately with a different card. For all humans ages 8 and up.
