There are over 100 pages which contain 50+ delightful, black-and-white line illustrations for coloring. Youll find many of your favorite images embodying the feel of Christmas Santa Claus, Santas elves, snow covered roofs and chimneys, toys, gifts, ornaments, reindeers and sleighs...plus much more! The images are very easy to color, with lots of open spaces. They are detailed enough to keep young minds occupied, without being so challenging they lose interest. The images are printed on one side of the pages only, to give the best coloring experience. But its not just a coloring book. It contains a delightful story about Ticky Tack, a tiny reindeer, who helps Santa and Shortbread the Elf deliver a little disabled boys present on Christmas Eve. Long after the pictures are colored in, the book can be read over and over in the future as a story book. Like volume 1, this book is designed to capture the imaginations and attention of growing minds, to give them hours upon hours of coloring fun! I hope they enjoy it as much as we enjoyed creating it.
