

## Inside and Out: An Obsession

Go inside some of the most creatively customised cars, vans and trucks in the world. This book takes you on a photographic tour of show-winning interiors and eye-catching exteriors outfitted by the UK-based Autocraft Custom team. Magazine articles and do-it-yourself hints round out the images of new, vintage and veteran vehicles that have been turned into works of art on wheels.

About the Author After leaving school at fifteen, Dug Thompson started an apprenticeship in a carpenters workshop. Just before he turned eighteen he joined the Royal Navy Fleet AIR Arm branch and served for three years. Working a variety of jobs gave Thompson the ability and experience to do what he truly loves: design and build the show-winning trucks you find in this book. He has enjoyed every minute of his career and feels lucky to have found his passion. Thompson encourages young people to be openminded with their job search. You never know where and how youll find happiness. Thompson is father to Lorraine, John, and Martin and grandfather to Zoe, Amy, and Jade. He has been with his lady friend Janet for twenty-three years.
