

## A Book of Cornwall (Illustrated)

The story goes that the devil one day came to the Tamar from the Devon side and stood rubbing his chin and considering. No, said he, I wont risk it. Yonder every person is made into a saint, and everything into squab pie. I do not feel qualified for either position. And it is a fact that nowhere else in England are there so many villages bearing the names of saints, and these names strange, and such as may be sought out in vain in the calendars that are easily accessible. One is impressed with the idea that the vast majority of these saints are unknown and negligible quantities. This, however, is an entirely false assumption, and it is based on the fact that their history has not been studied. On close examination it will be found that the saintly names in Cornwall belong to certain well-defined groups, and when we have determined the localities occupied by these groups we have taken the first step towards the elucidation of some important problems in the early history of Cornwall.
