??Main concept
of Handbook of A Collection and Appreciation of Chinese Porcelain, is to
help readers understand the whole picture of a Chinese Porcelain artwork through
analysis of its main characteristics, hence providing hobbyists and collectors with
solid information and approaches. This book elaborates in a very specific way that
collectors could take with it as reference as visiting in antiques markets. This book
addresses the needs among both collection starters and senior connoisseurs.
Established in a serious perspective of cultural relics appraisal, and based on
study of unearthed relics from previous scientific archaeological excavations,
together with abundant authority sources covering history and anthropology etc, this
book carries on the identification of cultural relics in context of social and
historical background, so that to ensure of scientificness, preciseness and readability
of the book.
