

This Authors Drawings

The following are drawings I have done in a series of sketchbooks throughout the years. Even though I've never received a single criticism (I didn't deserve), in fact most of the time I get praised for my drawing talents, publishing this book has made me more nervous. Over the past few years my friends have been asking, telling, hounding, begging and insisting I put this book together. I hope you and they are happy with the drawings I've put together.
