

Face to Face: Ocean Portraits

Following the success of Face to Face: Polar Portraits, author Huw Lewis-Jones returns with the lavish second volume in this highly praised series. Now his focus is on the great oceans of the world ... and on the men and women who have harnessed, surveyed, and investigated them over the years, broadening human understanding. Atmospheric black-and-white prints from the finest maritime collections and acclaimed photographers such as Annie Leibovitz appear alongside stunning modern imagery by leading marine photographers Rick Tomlinson and Nigel Millard. Completely international in scope, the book features a foreword by Sir Robin Knox-Johnston, record-breaking sailor, former Yachtsman of the Year, and winner of the Jules Verne Trophy, and includes such well-known names as Robert FitzRoy, Jacques Cousteau, Robert D Ballard, Wilfried Erdman, Isambard Kingdom Brunel, Sarah Campbell, and Ben Ainslie.
