

POD Like a Pro: An Authors Guide to Typesetting and Formatting a Book for Print

Youve written the best book you can, chosen the perfect title and are ready to launch it into the world, but theres more to putting out a professional book than great writing. You could pay someone to do the typesetting for you, but you want to do it yourself, and you cant afford expensive desktop publishing software.No problem!In this manual, youll learn how to use Microsoft Word to make your book look as good on the inside as those published by traditional publishers. This manual is full of clear diagrams and covers subjects like:Setting up page sizes and margins for your bookHow to set up styles to make your text consistentHow to create your title page to match your coverInserting pictures and text boxes to create special effectsUsing drop caps and dingbatsPlus tips and tricks most writers dont know about professional page design and a full glossary of typesetting terms so the whole process makes more sense.
