

## The Hypernaturals #1

A UNIVERSE TREMBLES. It is the far future; the human race has finally colonized the galaxy, preserving an era of prosperity that's only possible because of The Hypernaturals. They're a celebrated, galaxy-wide superhero task force that keeps the peace. That is, until they all mysteriously vanish. Now, as the galaxy teeters on the brink of chaos, it's up to a group of retired and long forgotten Hypernaturals -- and their novice recruits -- to save the galaxy from complete destruction. Dan Abnett and Andy Lanning, the superstar writing duo behind ANNIHILATION and THE LEGION, launch an all-new original series that takes cosmic super-heroes to a new frontier.
