

## This Is Berlin

Before Britain and Germany went to war in 1939, Ed Murrow of CBS sent his star reporter William Shirer to report from Berlin on what was really happening in Hitler's Germany. And there Shirer stayed until December 1940, reporting on the war from within the Reich, battling against the censors and revealing to American and British audiences how Hitler, the SS, and his armed forces were conducting the war, and what it meant to live in a Nazi state. All through the campaigns leading to the fall of France, Dunkirk and the Battle of Britain, Shirer provided a unique and dramatic by-line on history as it happened, and now his writings have been gathered together for the first time into a vivid, compelling and urgent narrative, one of the great first-hand documents of the Second World War.
