

## Macromedia Dreamweaver 8 Recipes

Looking for timesaving ways to get frequently needed data-driven applications up and running? Look no further! In this book, you'll find a primer for using data sources to connect your Dreamweaver pages to a database. Lowery and Ott then provide step-by-step instructions for creating 7 full-featured, professional-quality Web applications suitable for small to medium organizations. Follow the carefully constructed tutorials, and you can use them today because all the files and code you need are available on the included CD! Better still, the explanations you'll read will give you insight into why each step was taken so that you can extend any of the recipes to meet individualized needs. Recipes for the following full-feature applications: User Login Employee Lookup Conference Room Scheduler In/Out Dashboard Time Cards Journal Mail Merge
