

Modern Rustic: Natural Ideas for a Contemporary Lifestyle

Modern rustic is a natural, rural lifestyle ideal for contemporary dwellers looking to improve their quality of life by adopting a country aesthetic. This style book brings country essence into any home by introducing an organic, environmentally conscious way of life. As it explores the historical concept of rustic living and how the style has evolved into a modern ideal, this volume features fabulous photographs and visual ideas to create down-to-earth decor. Easy to follow projects, the philosophy of the rustic style, and the elements of the rustic look (from the color palette to the beauty of the natural materials) are all presented for today's back-to-nature enthusiasts.
