

## Women in the Material World

A companion to the groundbreaking bestseller *Material World: A Global Family Portrait*, this remarkable volume portrays the striking similarities and profound differences in the lives of women around the world at the dawn of the twenty-first century. Under the direction of Faith D'Aluisio and Peter Menzel, a team of renowned women journalists traveled the world to take a close look at the lives of women in twenty disparate lands. In first-person interviews of startling candor, the women share their feelings about family, children, money, love, sex, and marriage. These interviews, together with 375 stunning full-color photographs, create a powerful multicultural portrait of the half of humanity that all too often remains invisible.
