

Let There Be... Blacklight

One of the biggest trends in the world of puppet ministry has been the use of special lighting known as blacklight. It is easy to see why. Blacklight is an effect that is very easy to use, yet it captures an audiences attention like nothing else. This book will acquaint you with a variety of materials, equipment, and techniques for using this effect with puppets. We also include patterns and instructions for making a moving-mouth fluorescent sun foam puppet. This is the most complete and comprehensive book on blacklight puppetry available.
