

Pilot Season 2009: Kirkman/Silvestri

Robert Kirkman (*The Walking Dead*, *Invincible*) and Marc Silvestri (*The Darkness*) team up to bring you five brand-new original concepts with an all star list of collaborators including Nelson Blake II, Joe Benitez, Sheldon Mitchell, Bernard Chang, and Brian Stelfreeze. Building on the success of the previous two years of Pilot Season events, where fans are put in control and allowed to vote and determine the winner from a pack of potential comic series, this trade paperback collects five pilot issues (*Murderer*, *Demonic*, *Stealth*, *Stellar*, and *Hardcore*), complete with a cover gallery by Silvestri and behind-the-scenes bonus material including sketches, letters, and more.
