

Microsoft Office 2003-Illustrated Projects

Build your students Microsoft Office 2003 skills through the realistic, engaging projects in this revised text. Microsoft Office 2003- Illustrated Projects offers meaningful projects in each of the four main Office applications-Word, Excel, Access, and PowerPoint-as well as projects for integrating these applications. Students will learn to produce a variety of viable, real-life documents, such as resumes, business cards, budgets, presentations, and more through easy-to-follow steps, large screen shots, and images of completed projects.
