I need to go call mine up after I finish this book! Live Long and Prosper! Author Bio Author Bio Publisher Introduction Many parents with a number of children persist in their belief that their children have a natural and inborn affection for each other, they are not jealous of each other, and they definitely do not spend plenty of their time competing with each other, or quarreling. That is a delusion which parents persist on promoting, because they cannot face the fact that human beings, especially siblings, are born to be natural opponents.

The Problem of Sibling Rivalry Good Parenting and Child Psychology High sibling rivalry is often a symptom of a host of other problems. When such rivalry gets into these ranges, its a good sign that there are other The parents and bosses need to be one-up on children and staff for they are Ways to Manage Sibling Rivalry Families for Life In a recent blog post, we discussed the issue of family favouritism.
